#### **Highways Report March 2021**

#### Motorbikes on the Maldon Rd

Three points to note. The resident who originally complained has been back in touch.

Does the Council agree that we should ask the CPOs to carry out Trucam patrols 10-12 noon on the first Sunday of every month April to August to monitor inbound traffic on Maldon Rd, located near Woodfords Garage (close to where the complainant lives)? I said in an earlier reply to the resident as noted in a previous Highways Report that I would bring this suggestion to Council. It means that 2 hours of our monthly CPO allocation will be used.

I have advised the resident of a noise monitor that can be downloaded to a smart phone that measures sound in decibels. This will aid the resident in keeping a noise diary with accurate levels of noise. Noise is subject to legal restrictions in terms of volume but simply disliking a noise is not grounds for action. Accurate readings of decibel level will determine whether the noise is within legal limits.

The resident has suggested again that a sign saying 'Burnham welcomes considerate bikers' be placed on the Maldon Rd. Council needs to debate whether the expense could be justified in terms of the likely effect.

#### Green Lane - resident requested speed limit

We have received a request that Green Lane be subject to a 30mph speed limit. I am not sure of the process so would ask the Town Clerk to see if the speed limit depends on the classification of the road and whether this can be changed. It does seem ludicrous that CPOs can fine motorists doing 37 mph on Maldon Rd which is wide and with good visibility but the same motorist can legally do 60 mph on Green Lane and Creeksea Lane.

Does the Council approve?

#### Pedestrian footpath Pannell Bridge

We have received a second complaint from the same resident that the footpath is too narrow and dangerous. I know Councillor Pratt has referred this to ECC but I am unsure if any solution has been offered.

23<sup>rd</sup>. February 2021

Dear Councillor Robinson

## Burnham Town Council is extremely concerned about highway proposals in the Masterplan for South Woodham Ferrers

At a recent Town Council meeting I was asked to write to you expressing the Council's concern about the proposed changes to traffic flow on the B1012.

The Council believes that as the only route off the Dengie, the current proposals will cause our residents severe delays and inconvenience.

We note that the most up to date peak time pre-covid traffic data has not been published and that it will not be made available until the detailed planning stage. We share local concerns that this is too late for an informed debate about your proposals with the many councils on the Dengie, such as Burnham Town Council, whose residents will be severely affected.

The Council would ask you to delay approval of the Masterplan until all the facts have been made available for discussion and scrutiny with neighbouring democratically elected bodies.

Yours sincerely

#### South Woodham Ferrers - B1012 - update received 8/3/21

Good Afternoon Bob

In case you hadn't heard Chelmsford City Council have approved their Masterplan for development on land north of SWF. Needless to say all the objections in respect of the traffic issues were ignored.

There are very few avenues left open to us. One is a complaint to the Ombudsman but we are also, linking in with others, looking to obtain Counsel's Opinion on the likely success of Judicial Review. We are exploring the option of crowd funding to cover the costs of seeking such advice.

We will attempt to seek some publicity particularly as there was media coverage recently that Essex County Council are negotiating with Countryside Homes to sell them a further 116 acres and are seeking a guarantee on the number of homes it could claim a 50% return on before entering the agreement. As ECC are the highway authority there seems an obvious conflict of interest.

As they will not support a new by pass and they intend to turn the B1012 into an urban street with numerous pedestrian crossings and roundabouts the majority of through motorists will divert via Ferrers Road creating a rat run or quasi by pass straight through the centre of the town. They already admit the Sainsbury R/B is at capacity and cannot be increased.

We will continue to battle on and any suggestions you have will be readily received.

Thank you for your support

Best regards

Mike Benning Woodham Infrastructure Group

I would welcome the Council's permission to write back offering support - moral not financial – and I will keep the Council informed of any developments but it looks like getting off the Dengie in rush hour is going to take longer.

#### Safety on the Quay by the Belvedere

The metal fence along the landward side of the quay adjacent to the Belvedere is in very poor condition. In some places it is detached from the wall itself. It is in my opinion dangerous.

We know that ECC are responsible for the maintenance of the quay – as minuted in the meeting of the Quay working party held last year.

Perhaps Councillor Pratt could investigate whether this is an issue that should be added to ECC's planned repairs or if not, we should find if the fence belongs to the Belvedere and if so, who is responsible.

For completeness the working party's findings regarding maintenance of the quay are in a separate document that accompanies this report.

Before the pandemic, a detailed description of the work needed on the quay was sent to ECC. Again, Councillor Pratt can advise whether on our behalf he can resend our reports to Councillor Bentley.

#### Providence Car Park Bin

As reported verbally at the last meeting, the plan was to replace the existing signs with a 'Right Turn Only' sign in the interests of Road Safety. However, a recycling bin had been sited in front of the current sign which would also obscure the new sign. The three pictures illustrate the problem and the solution – moving to the next bay - which loses part of a car park space (a Mini or small Fiat could still park there) but gains us the intended road safety benefit. I have asked that Barry installs the new sign asap.

The bin has now been moved.

Councillor Bell asked that the matching bin on the Millfield Car Park be moved but the contractor says it can't be moved unless the adjacent Salvation Army bin is moved. As this is an MDC Car Park I suggest MDC members follow up.

#### Environment 16/03/21

- 1) Skippers will take over planting and maintenance of BTC-owned green spaces from the beginning of April.
- 2) Garwoods have agreed to continue with the grass cutting contract.
- 3) Seeds for vegetables and flowers have been given to the two primary schools (this was meant to happen last year, but the lockdown prevented it). They were both very happy to receive these.
- 4) The individual litter picking scheme has really taken off, to the extent that we have now run out of litter picks as soon as these are back in stock, we will order some more. The message is getting out even to people without access to Facebook as I was contacted by someone who found out about the scheme from her running club. A few people are refusing to fill in their details for insurance purposes, but we are working on this.
- 5) We have still been unable to return to the station due to covid but have remained in regular contact with GA. Cllr Donnelly recently attended a virtual coffee morning for Essex adopters. Work by Railscape on the bank to tidy up the buddleia has been delayed due to the slippery conditions caused by all the rain. Most people probably are not aware of this, but the station adopter group is actually contracted to spend one day a month keeping the station area tidy, so GA have been very accommodating during the pandemic.

To receive verbal representations from Members of the Public.

A resident asked if BTC is hiding its light under a bushel. Although he has read in the press about what other Councils like Maldon Town have done to help their residents impacted by the pandemic, (things like Food Parcels and Distance Learning Laptops). He is not aware what BTC has accomplished in these areas. Please can the Council put into place and publicise an appropriate programme to give assistance to those who really need help? In addition, please can the Council encourage the Police to enforce both social distancing and the laws of the land. A couple of weeks ago a find in Creeksea Lane of 150 used Silver NO2 party drug capsules was quickly reported to Essex Police, but again it appears no action has been taken. Burnham is unfortunately no stranger to drug usage, but with COVID-19 rampant in the community, these super-spreader events really need to be quickly stamped out. The Mayor responded by saying that BTC does press the police but due to COVID-19 it has been a difficult time to clear rubbish on a regular basis.

#### 424. EXCLUSION OF THE PUBLIC AND PRESS.

Councillors to resolve that by virtue of the provisions of Section 1 (2) of the Public Bodies

Subject: Planning agreement funding for Allotments in Burnham (16/00093/FUL)

Dear Town Clerk.

Please accept my apologies for introducing myself in this email but current difficulties prevent me from getting out and about to meet the proper officers and Town Clerks whilst administering the Council's s106 Agreements.

It is in this connection that I contact you to let you know that a payment has been made by Persimmon Homes in connection with their development ref: 16/00093/FUL - Residential development comprising 180 dwellings, public open space, landscaping and associated infrastructure including drainage, footpath and cycleway and vehicular access from Southminster Road, Burnham on Crouch.

The receipt which is for the sum of £8,000 (eight thousand pounds) is available for your Town Council to use in connection with the provision/maintenance of allotment facilities in Burnham on Crouch. This sum is currently in the Council's s106 holding account and I would like to discuss the matter with you further before setting out the limited constraints which go with the purse and requesting your invoice so that I can arrange the payment.

I am not sure if you were anticipating this notification and as my contact may be a little unexpected I have copied in Cllr Stamp to let her know that the arrangements for the payment are being resolved and perhaps if you wanted to check the circumstances, then Wendy could vouch that we have discussed the matter.

Kind regards and Happy New Year

Dear Stakeholders,

#### Re: Consultation on proposed expansion of Ormiston Rivers Academy

t: 01621 782377

e: info@ormistonriversacademy.co.uk

w: www.ormistonriversacademy.co.uk

Over the past few months, a number of meetings have taken place with representatives of Essex County Council and Ormiston Academies Trust (OAT) regarding the feasibility of expanding Ormiston Rivers Academy to help address the proposed shortage of secondary school student places within our local community.

To satisfy the projected requirements for secondary school places as defined within the local authority's 10-year plan; 'meeting the demands for school places', I am writing to you to seek your views on a proposed expansion of Ormiston Rivers Academy by an additional one form of entry per year (30 places).

Ormiston Rivers Academy is a member of the OAT Trust. The trustees see the proposed expansion of the school as an opportunity to meet the increasing demand for places within the local area, whilst continuing to offer an excellent education to all students.

Ormiston Rivers Academy currently has a published admissions number into year 7 of 180. The proposed expansion would be fully funded by Essex County Council and is proposed to be completed in time for the September 2023 academic year. Following the completion of these works, an additional 30 student places per year would be created, allowing us to admit an extra form of entry into year 7. The schedule below identifies the proposed shortage of places within our community and shows how the expansion would help address the identified shortfall of places.

Planning Group 2:	22/23	23/24	24/25	25/26	26/27	27/28	28/29	29/30
Student Places	7	-55	-51	-32	-27	-17	-29	-16

Data provided from Essex County Council's 'Meeting the demand for school places in Essex - 10 year Plan 2021-2030.

This consultation is an opportunity to express your views and ask questions on the proposal to increase the school's student capacity; your contributions will help inform our decisions and will reflect within our subsequent application to the Department for Education. There will be further consultation regarding the building and planning around this.

Unfortunately, due to the current Covid 19 pandemic we are unable to issue invitations to formal consultation meetings, however, we would encourage responses, via google form: https://forms.gle/V8LeAHHPvZXTT5xu6, email, letter or telephone. To support this we have communication, following means of up speterson@ormistonriversacademy.co.uk, or leaving an answerphone message on: 01621

787830, or written communication posted to: Ormiston Rivers Academy, Southminster Road, Burnham-on-Crouch, Essex, CM0 8QB. We will acknowledge all responses and reply to any queries or required clarification points.

The consultation period starts on Monday 1st March and closes on the 16th April 2021.

The final decision as to whether the school expands will be made by the Regional Schools Commissioner on behalf of the Department for Education following the submission of a Significant Change Application by the Trust.

This consultation document is sent electronically to all parents/carers, trustees, local governors, teachers and support staff who are part of the Ormiston Rivers Academy community. Electronic copies will also be sent to headteachers of the neighbouring schools in the planning area, ward councillors, MPs, community groups and users of the school site, unions and relevant officers of Essex County Council and Maldon District Council.

Yours faithfully,

Mrs E. Baker

Principal
